

Pitching Session

Nina PONA

Projet Manager at

Motors and Electrical Devices for Energy Efficiency

Pitching session

Since 2010

PROJECT SUPPORT, from idea to financing

THE SCIENTIFIC COMMITTEE : constructive advice, a guarantee of excellence

THE INTERNATIONAL NETWORK, the right contact in Europe and Africa

PROMOTING OUR MEMBERS, their projects and results

Nina PONA, Project Manager at MEDEE Cluster

Since 2017

SKILLS AT THE HEART OF THE ENERGY TRANSITION

**EFFICIENCY OF
INDUSTRIAL
PROCESSES**

**RENEWABLE
ENERGIES AND
STORAGE**

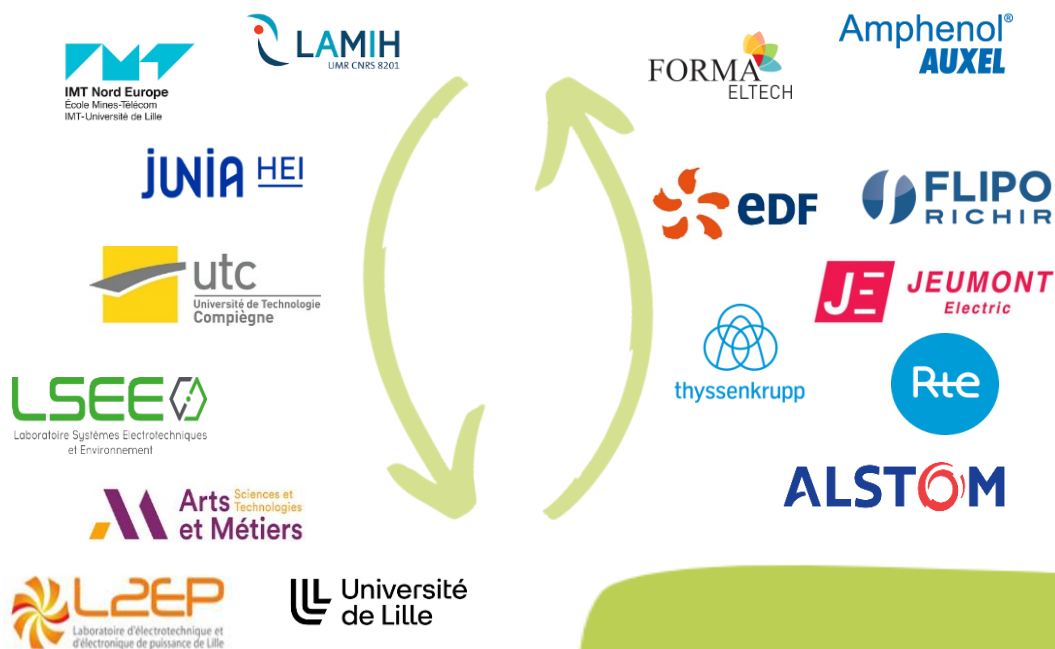

**ELECTRIC
MOBILITY**

SMART GRIDS

What we offer?

A LINK BETWEEN INDUSTRY AND RESEARCH

A SCIENTIFIC COMMITTEE

12 recognized academics and industrialists for an in-depth, impartial and confidential assessment

7 YEARS' EXPERIENCE IN AFRICA

Including a support for project leaders in the Hauts-de-France region's call for projects "Energy stakeholders for Africa".

SKILLS TRANSFER

**INNOVATIVE SOLUTIONS
& DEMONSTRATORS**

**ENERGY SECTOR
STRUCTURING**

What we're looking for?

2 major projects are nearing completion this year... Let's build new ones!

ESECA – European Sustainable Energy Cluster partnership for Africa (COSME Clusters GO International program - EU)

ESECA aims to support the internationalization of European SMEs in the renewable energies and smart grids sectors in sub-Saharan Africa. Five target markets have been identified : Senegal, Ghana, Kenya, Tanzania and Rwanda.

LEOPARD (LEAP-RE European program – Long-Term Joint EU-AU Research and Innovation Partnership on Renewable Energy)

LEOPARD aims at disseminating micro-grid technology by designing, testing, and evaluating a containerized solution for renewable energy production in rural and peri-urban areas in Benin and Senegal.
