

Pitching Session

Eugenio Mimosi

International Affairs Manager at

**Bioindustry Park Silvano Fumero / bioPmed
Piemonte Health Cluster**

bioPmed is the Italian **innovation cluster** dedicated to **life sciences and healthcare**. Managed by Bioindustry Park, it is based near Torino and covers both Piemonte and Aosta Valley Regions (4.5M inhabitants and 118B€ GDP)

Its **90 members** represent the entire **healthcare value chain**. Universities, R&D centres, start-ups and SMEs, large multinationals, foundations, local healthcare providers, dedicated training institutions and specialized service providers, all the cluster members share a common vision and strategic approach.

Special skills and expertise can be found in the areas of **cardiovascular diseases, dental technologies, bones implants, diagnostics (esp. imaging), connected health** and at the blurring borders between health and complementary technologies such as agro-food, biotech, new materials, ICT, nanotech etc.

Discover more at www.bioPmed.eu
