HEI main activities

HOUSE OF EVENTS INNOVATION

Viliam Bošiak

Building a society in the events industry

Organising presentations to support our members in Slovakia and abroad

Data collection and analysis for improvements

Internationalisation of members' business

Our first experience in international business after COVID-19 with another 10 clusters from Italy, Spain, Portugal, France and Belgium – we are waiting for evaluation in the Creative Europe Culture program – our task is Sustainability Awareness Labs

Excellent collaboration with the local government in our region to introduce and implement ZeroWaste and Eco-friendly rules and categorisation in events organisation

What we are looking for?

- We don't have extensive experience in Internationalization
- We are not ready to initiate projects on the European level but
- We would like to be invited to such projects to gain experience
- Collaboration opportunities around Europe
- Matchmaking opportunities for our members
- Establish collaboration with other clusters in Europe
